

SIOBHAN FITZPATRICK

Paralympian & Chronic Illness Advocate

Siobhan found Wheelchair Basketball in 2010, and it changed her life. Living with Cerebral Palsy, she was told she couldn't do PE in Secondary School. Finding it difficult and struggling with her mental health... Disability Sports gave her her power back and helped her into a life of freedom, success and positivity.

Now a World, European Champion & Paralympian, Siobhan is passionate about educating young people on disability sports, and how you can achieve your dreams - no matter your adversity or disability.
